

The Envirothon is a competitive, environmental, and conservation problem-solving learning opportunity for High School students. Students incorporate STEM (Science, Technology, Engineering and Math) principles. Some of the conservation lessons are: Aquatic Ecology, Forestry, Soils and Land Use, Wildlife, and Current Environmental Issues.

The current Environmental Issue for 2021 is: **Water Resource Management: Local Control, Local Solution.**

Unfortunately, this year the Regional and State Envirothon will be virtual, but the learning experience will still be the same.

Here are a couple of resource for information:

<https://kacdnet.org/kansas-envirothon>

<https://envirothon.org/>

- The Regional Envirothon will be held on April 14th, 2021 and the State Envirothon will be held on April 28th, 2021.
- **The fee for both Kansas Regional & State competitions will be provided for by the sponsors.**
- More information on the host platform will be sent out at a later date.
- The link to register for the Regional Envirothon that is due back by April 1, 2021:

https://docs.google.com/forms/d/e/1FAIpQLSe3yF8mAPsRjIRd1JAAiw-rp8V1ab8Ob126wv9e94yNam8zXg/viewform?usp=sf_link

- Another link for the State Envirothon registration will be sent out on April 15, 2021.

If you have any questions, please contact your local Conservation District or:

Dana Schmelzle

Nemaha Co. District Manager

785-336-2186 Ext. 110

dana.schmelzle@usda.gov

Thank you and we hope to see as many teams compete as possible!
