

ALEX MILLER - NEW NRCS DISTRICT CONSERVATIONIST IN MORRIS COUNTY

I am currently a District Conservationist for the Natural Resources Conservation Service (NRCS) and I assist offices in Lyon, Chase, and Morris counties.

I started out my career working for the NRCS as a student trainee in New Mexico. In 2003, I graduated from Kansas State University with a bachelor in Agronomy- Range Management and was hired by the New Mexico NRCS as a Range Management Specialist (RMS) in Datil, NM. In 2005, I transferred back to Kansas where I spent one and half years at the Winfield Field Office. In 2006, I moved to the Westmoreland Management unit as a Range Specialist. After 7 years in Westmoreland, I transferred to the Emporia Management Unit as a RMS for Lyon, Chase, and Morris counties.

I am an active member in the Society for Range Management. In 2011 and 2012 I served as the coordinator for the Kansas Range Youth Camp.

In my spare time I enjoy hiking, camping, and kayaking with my wife Leah, and our two kids Joanna and Cade. I also enjoy helping out on the family farm near Miller, KS.

I look forward to working with landowners and ag producers of Morris to achieve their conservation goals. I have a special interest in improving the overall soil health on rangeland, pastureland, and croplands. Every operation is unique and has an economically sustainable solution to conserve natural resources.
